

THE EVENING NEWS.

SECOND YEAR—NO. 529.

BENTON HARBOR, MICH., THURSDAY, JUNE 17, 1897.

ONE CENT.

OF UNUSUAL MERIT.

Such Will be the Lecture Course Given in This City Next Winter.

THERE WILL BE FIVE NUMBERS.

Will Carleton and Leland T. Powers Will be Among the Attractions of the Course.

The Benton Harbor lecture committee is now negotiating for its course of lectures for next winter. Their efforts were so highly appreciated last season and the financial outcome was so satisfactory that an even better course is being arranged for the coming year.

The committee has now an option on nine different courses from the Redpath bureau, six from the Central Lyceum bureau and they are receiving options from the Slayton people.

A few points are already settled. The course will consist of five excellent entertainments, two concerts, two lectures and one entertainer. It is also settled that Leland T. Powers and Will Carleton will be on the list. The price for the course will be \$1.

The committee, of which C. J. Brown is a leading spirit, is unlike many other similar committees. They invite advice and are the only people in the world running a lecture course who do not know all about what the people want.

WORK HAS STOPPED.

Grading on the Tunnel Road Now Delayed.

Not a team nor even a man is working on the grade of the Benton Harbor Electric road today. Work will not be resumed until the month's pay, due yesterday, is cashed.

The cash, it is claimed, can easily be had as soon as the difficulties among the officers of the company is settled. It is evident that the trouble now in court will be settled outside of court and that the old scores among the officers will be forgotten.

W. E. Kittelle takes orders and delivers Lowe & Rouse's ice cream from his fruit wagon which makes daily trips to all parts of the city. 3t528

WILL BE A JUNE BRIDE.

Miss Imogene Florence Caldwell of St. Joseph.

The marriage of Miss Imogene Florence Caldwell and H. Edward Pinnell of Erie, Pa., is announced to occur at the home of the bride's parents in St. Joseph, on Wednesday, June 30.

The wedding will be attended by only the relatives of the couple.

Miss Caldwell is one of the society leaders of St. Joseph and is very popular. Mr. Pinnell is a young man engaged in manufacturing and his business prospects are bright.

ENGINE THIEVES.

Two Hobos Locked Up for Having Suspicious Property.

This morning Chief Sterns and Policeman O'Brian saw two tramps lugging about suspicious looking sacks on their backs. The tramps were detained and the sacks searched. In them were found the following articles stolen off a steam engine and boiler: One steam gauge, 1 lubricator, 2 injectors, 2 match-head planers with knives, 1 lubricating oil cup, 1 globe valve, 2 pet cocks, 1 oil cup and 2 grain sacks. The tramps claimed that they had "found" these articles. They were put in the city jail until the matter is investigated.

The goods were stolen from the All-mendinger saw mill, and the tramps have been seen in that vicinity and can easily be identified. When caught the thieves were on their way to sell the brass to a junk dealer.

EDITOR VERY SICK.

J. V. Bowersox, editor of the St. Joseph Press, is reported to be dangerously sick.

Twin City Telephone Company Have the Right of Country Roads.

At the meeting of the board of supervisors yesterday afternoon the Twin City Telephone company were given a franchise to set their poles on any or all of the country roads in this county. This means that every town in the county will have the new system. The contract given the telephone company for 'phones in the county buildings was given with the understanding that every town in the county would be connected with the system.

A SAD CASE.

David S. Devin, a Brilliant Lawyer. Sent to Kalamazoo.

Probate Judge Van Riper, in speaking to THE NEWS this morning about the matter of David S. Devin being adjudged insane and sent to the asylum at Kalamazoo, said that Devin studied law with him 25 years ago and was without question one of the brightest students he ever knew. After finishing his law studies with Judge Van Riper he went west and there acquired habits which nearly ruined him for life, but he saw the error of his ways and reformed. His extraordinary education secured him a position and after a few years of mercantile life he was sent as a missionary to India, and he was also employed as translator in a big publishing house.

Devin's father is a wealthy banker in Iowa and is nearly heart broken at the sad end of his son.

BIG EVENT AT EAU CLAIRE.

The Junior Reception of the High School Last Night.

EAU CLAIRE, June 17—The junior reception given in the Maccabee hall last evening was a very pleasing and pretty affair and those who had the good fortune to be present were highly entertained. The hall was beautifully decorated with roses and foliage and presented an attractive appearance. The juniors gave a short program, including vocal and instrumental music, class history and prophecy. At the close all were served with refreshments of ice cream and cake. A dainty program was found beside each plate.

Principal B. J. Benson acted as toast-master and in a few opening remarks introduced Mrs. William Flewelling, who ably gave the toast "Our School." Miss Nettie Vermont, one of the graduates, in a few well chosen words made the response. The motto of the senior class, "The strings of the past ring the bells of the future," was the subject which Rev. C. P. Birdsey used.

Mrs. J. M. Paul, in her usual attractive way, talked about "ministers." Miss Maud Ward gave a very well prepared toast on "Our Seniors." O. C. Howe, a member of the school board and president of the village, said, "Farewell," and was responded to by J. M. Paul. After a pleasant time spent in conversation the guests departed, and commencement in Eau Claire came to a close.

IT WILL BE A FIGHT.

Papers of Appearance Filed in the Benton Harbor Electric Case by Attorney Bridgman.

HORSE THIEVES SENTENCED.

Judgment of \$1,954.00 Secured in the Circuit Court Against Eugene Cribbs.

Attorney George W. Bridgman filed his appearance papers in the case of John W. Hamilton et al vs Henry D. Deam et al, with the county clerk this morning. This means that a fight to the finish will be had in the court before the business of the Benton Harbor Electric road is resumed. It is thought that as soon as the case is settled the business of the road will be pushed with vigor. This morning Attorney N. A. Hamilton made a motion for a new trial in the slander suit of William G. Livingston vs Walter T. Bradford. This case was tried during the May term and created a great deal of interest and resulted in a verdict of \$125 for the plaintiff. After Mr. Hamilton had made his motion James O'Hara, attorney for Livingston, arose to his feet and said the judge could act as he thought best in the matter, that he was willing to have a new trial and it was his belief that another jury would give him greater damages. But at the same time the case was bound to go to the supreme court and the quicker it got there the quicker it would be settled. The judge has taken the motion under consideration.

Thomas Stathers, convicted of horse-stealing, was sentenced to five months at Jackson. Thomas Weston, who pleaded guilty of the same crime, was sentenced to four months in the same institution. It pays one month better to own up.

Attorney I. W. Riford, attorney for the Ohio Cultivator Co., secured a judgment in the court this morning against Eugene Cribbs in the amount of \$1954.10.

The board of supervisors have adjourned until October.

In the case of Weber vs Hall arguments were concluded this morning and the cause was taken under consideration of the court.

The case of the people vs Frank Campbell charged with larceny, the respondent pleaded not guilty and Charles N. Sears was appointed to defend him.

The case in assumpsit of David Amberg and Abe Amberg, co-partners vs Gottfried Kolb and George Sparte, co-partners, judgment in the sum of \$334.21 was entered upon the withdrawal of plea.

Foreclosure proceedings were begun in the circuit court this morning by Joseph Oslager, through his attorney, James O'Hara, against Nikodem Januszuski and Franciska.

The Topic riders who contest for honors are Harry Vaughan, the Benton Harbor champion, Hod Woodard, Fred Northrup and Cox of Chicago. Vaughan and Woodard ride a gear of 80 and Northrup 73. Cox will race with a running horse.

Burnham, the heavy weight rider of Benton Harbor, left this morning for Bangor and he will appear on the track as the "Baby Blues" of the Topic wheel works.

TREATY IS SIGNED

And Hawaii Is Ours If the Senate Doesn't Object.

WILL BE A HOT FIGHT THERE.

Pettigrew and White Announce Their Intention to Resist Ratification, and There Are Others--Japan's Nose Is Out of Joint and She Is Protesting Also in Behalf of 80,000 of Her People on the Islands--War May Result.

Washington, June 17.—The treaty for the annexation of the Hawaiian Islands reached the senate chamber at 5 o'clock yesterday. The senate at once went into executive session and as soon as the doors were closed the message of President McKinley, accompanying the treaty, and the treaty itself were read to the senate. They were attentively listened to. In one part of the chamber there was a group of senators who will bitterly oppose the ratification of the treaty. Among them were Gray, Mills, Pasco, White, Caffery, Pettigrew and McEnery. As soon as the reading of the documents was completed Davis, chairman of the committee on foreign relations, moved that the message and the treaty be made public. Gray objected to a vote on the motion, and under the rules a single objection carried the motion over until today.

Opponents Promptly Declare War.

Davis gave notice that at the next executive session he would press the motion for publication, as all the essential facts and almost verbatim copy of the treaty had been published in the press of the country. There was some discussion as to when the treaty might be considered and White asked if it was the intention to push it at this session and upon the reply being made that it was possible the California senator said: "I desire to announce that I am prepared to stay here all summer to prevent the ratification, which I consider a very bad proposition."

"I'll join you," said Pettigrew. Message of the President.

The message of the president was not a very long document. It dealt with historical fact concerning the islands and showed that the United States and Hawaii yearly grow more closely bound to each other. This was not really annexation, he said, but a continuation of existing relations with closer bonds between people closely related by blood and kindred ties. Since 1820, said the president, the predominance of the United States had been known. The sending of the first envoy there brought the islands into closer relations with the United States, and those relations had grown more firm by succeeding events.

Annexation an Established Policy.

At the time the tri-partite agreement was made for the government of Samoa Great Britain and Germany wanted to include Hawaii in the group over which a protectorate was established, but the suggestion was rejected by the United States because this government held that there already existed relations between Hawaii and the United States which placed the islands under the especial care of this country, and this government could not allow any other country to interfere in the affairs of Hawaii. The annexation of the islands, said the president, and making them a part of the United States was in accordance with the established policy of this country.

PITH OF THE ANNEXATION TREATY.

Dole Makes a Quit-Claim Deed of the Real Estate to Uncle Sam.

The treaty proved to be a simple document of six articles, based in its essential details upon the treaty negotiated by Hon. John W. Foster during the administration of President Harrison. The islands are ceded practically without conditions, leaving the United States to pursue its own course with reference to their management. The first article reads as follows: "The government of the Hawaiian Islands hereby cedes, from the date of the exchange of the ratifications of this treaty, absolutely and without reserve to the United States forever, all rights of sovereignty of whatever kind in and over the Hawaiian Islands and their dependencies, renouncing in favor of the United States every sovereign right of which, as an independent nation, it is now possessed; and henceforth said Hawaiian Islands shall become and be an integral part of the territory of the United States."

The Hawaiian government cedes to the United States the absolute ownership of all the public lands, public buildings, ports, harbors, fortifications, military and naval equipments and all other government property. It is specifically provided, however, that the existing land laws of the United States shall not apply to the public lands of Hawaii, but that special laws shall be made from time to time for their disposition, the proceeds of any sales of these lands to be applied to educational purposes in the islands. The islands are for the present to constitute a territory of the United States, their local laws remaining in force until new ones are enacted. A local legislature is provided for, but the veto power is vested entirely in the president of the United States.

A commission of five persons, consisting of three Americans and two "Hawaiians," to be nominated by the president and confirmed by the senate, is provided for the purpose of formulating the mode of government for the islands. The treaties of the United States with other countries are substituted for the treaties of Hawaii with the same countries in controlling the international relations of the islands. Further immigration of Chinese laborers to the islands is prohibited, and the laws restricting Chinese immigration to the United States are made to apply to the prevention of Chinese removing from Hawaii to this country. This country agrees to assume the debt of the island republic to the extent of \$1,000,000.

MAY MEAN WAR WITH JAPAN.

sets in a material way than either the existing government or the United States, and that Japan must be consulted in the matter. On the other hand, the Washington administration holds the Japanese have nothing whatever to say in the premises; that the treaty has been negotiated by the government of Hawaii through its officially accredited agents, and that the United States cannot and will not recognize any faction of the population of the Hawaiian Islands.

With reference to the "nothing whatever to say" business the Japanese ask whether if it was Uncle Sam's ox—that if Japan was annexing an island on which there were 30,000 Americans in such a population as that of the Hawaiian Islands—would the United States have "nothing whatever to say?" For there are 30,000 Japanese on the islands. Japan, ever since the triumph over China, has been spilling for a fight with some civilized nation, and this may afford the coveted opportunity. It is remembered by state department officials that pending the conclusion of peace negotiations between Japan and China, and immediately after that episode, the representatives of the Japanese government "tread on air" and were arrogant to an extreme.

They felt that they could thrash the civilized world, and it was apparent that they would not be averse to trying it on some good, strong government. They feel the same way now, and are as irritable and full of fight as a nest of black hornets. It would not be strange, in the opinion of diplomats, if a Japanese war flurry should grow out of this affair, although nothing more serious may come of it than vaporizing. The protest of Japan against the treaty was discussed among senators and the impression was that the result would be to make votes for the treaty and make its ratification possible at this session of congress.

Among the opponents of the treaty are some who contend that in adding this remote territory to our possessions the United States will be surrendering the vital points of the Monroe doctrine, and that the move will be a startling and dangerous departure from our established theories in opposition to colonization enterprises. It is also worthy of note especially in view of the allegation in the president's message that annexation is "our established policy" that Senator Sherman, who signed the treaty, as secretary of state doesn't believe any such thing unless he has changed his mind since he wrote his book. In that biography he took ground exactly to the contrary.

He said: "I hope that our people will be content with internal growth, and avoid the complications of foreign acquisitions. Our family of states is already large enough to create embarrassment in the senate, and a republic should not hold dependent provinces or possessions. The Union already embraces discordant elements enough without adding others. If my life is prolonged, I will do all I can to add to the strength and prosperity of the United States, but nothing to extend its limits or to add new dangers by acquisition of foreign territory."

RAPID PROGRESS ON THE TARIFF.

Agricultural Schedule Disposed of in One Day—Tea Duty Postponed.

Washington, June 17.—The senate made rapid work on the tariff bill yesterday. There were no long speeches and the debate was of a snappy character, which at times enlivened, but did not delay, the serious work on the bill. Thirteen pages were disposed of, carrying the senate through the agricultural schedule and up to schedule H, relating to spirits, wines, etc. During the day the paragraphs on dairy products, farm products, fish, fruit and nuts, meat products and miscellaneous agricultural products were acted on.

The finance committee proposed many changes, in the main advancing rates somewhat over those heretofore reported. The committee was sustained on every vote, although a contest was made on almost every paragraph. Mr. Vest's motion to restore salt to the free list was rejected—yeas, 24; nays, 31. The important paragraph proposing a tax on tea went over at the suggestion of Allison, who expressed the hope that this duty on tea might be dispensed with.

Stewart L. Woodford Goes to Spain.

Washington, June 17.—The president yesterday nominated Stewart L. Woodford, of New York, to be minister to Spain, and Julius Goldschmidt, of Wisconsin, to be consul general at Berlin, Germany. Woodford has been summoned here and will arrive today when he will have a talk with the president. There is excellent authority for the statement that he will accept.

ST. JOSEPH'S BIG GUN.

It Will be Unveiled With Great Pomp and Ceremony on the Fifth of July.

DEDICATION A GRAND EVENT.

The Unveiling Will be a Principal Feature of the Fourth of July Celebration.

The big gun which for the past two months has been keeping a faithful guard over the entrance of the St. Joseph harbor waiting to be formally dedicated and mounted will receive its just dues and be recognized on July 5—the day of the regular Fourth of July celebration. Workmen began yesterday afternoon building the mammoth foundation on the point of the bluff at the corner of Broad and Lake Front boulevard. After the foundation has been completed the engine of war will be veiled until July 5 when, amid pomp and glory, brass bands, firecrackers and pin wheels the stifling rag will be torn from its fiery throat and the halo of glory due it for past services will take its place above to shine until the stone foundation shall crumble back to earth or until some foreign foe shall slap it in the face with an irreverent bomb shell.

The G. A. R. will conduct the unveiling ceremonies on July 5 and has sent the following invitations to all of the military and civic organizations in St. Joseph:

At a regular meeting of A. W. Chapman post No. 21, G. A. R., Department of Michigan, held Monday evening, June 7, 1897, formal action was taken in regard to dedicating the mammoth Union gun lately given by the government to Chapman post of this city and by that body placed on Lake Front park as a practical monument in honor of the patriotic times and deeds of 1861-5.

July 5 next has been set as the date and the city of St. Joseph is to act with the post in the dedicatory services, which will be of an elaborate character—a parade, speaking, music, etc.

You are cordially invited to attend and take part as a body in the exercises of the day. Excursion rates by rail and steamer.

The Platoon Rifles, under command of Capt. Fred E. Beers will act as honorary escort to the Grand Army and Frazell's band will furnish music.

In its prominent position the old war horse will point its month straight at the fog signal over the north pier, thus covering the channel in such a way that it can blow a foreign ship clean out of water, knock the whistle off the fog signal (this is looked upon favorably by about 5,000 poor mortals who are kept awake every foggy night) and break all of the plate glass in town at one stroke.

Nearly all of the organizations in town have expressed their pleasure to join the festivities and the ceremony will undoubtedly be a very impressive one.

Smoke the best—Van Twiller's.

NEWS OF THE STATE.

The Adams express company is now using the steamboats between Muskegon and Chicago and Muskegon and Milwaukee. It is claimed that the time made between Grand Rapids and Chicago is thus shortened on express packages.

Maj. L. A. Duncan, editor of the Niles Republican, had a queer experience with a tramp printer, to whom he furnished a half-day's work at the case. When through Mr. Duncan gave him an order on a restaurant, which read as follows: "Please give the bearer all he wants to eat, but no drinks." The smart typo, however, doctored the order so that it read: "Please give the bearer all he wants to drink, but no meals." The unsuspecting proprietor filled the unusual order, and Editor Duncan had to foot the bill.

The national bankers' association, which will meet in Detroit soon, has invited Governor Pingree (the lover of bankers nit) to deliver the address of welcome.

Lightning killed several Michigan people Wednesday.

The annual meeting of the Citizens' Telephone company of Grand Rapids was held Tuesday night. The reports showed that of the \$100,000 capital stock only \$80,000 has been subscribed. The plant put in has cost about \$133,000. The company has 2,000 paying subscribers and expects to begin paying dividends the coming year provided the capital stock is subscribed to apply on the indebtedness outstanding.

"STATE OF PINGREE."

Dede Aitken's Little Hit at Peoria, Illinois.

Ex-Congressman Aitken, of Flint, was at a Maecabes banquet at Peoria, Ill., last week two days before Gov. Tanner signed the Allen monopolistic street railway bill. In introducing the congressman the toastmaster said: "He is a distinguished citizen of the state of Pingree."

There was a great laugh at this, but when the Michigan man found an opening, he replied: "Allow me to say that if Illinois had a Pingree for governor at this time, there would be no danger of this street car bill that is giving you so much worry becoming a law."

The cheer that greeted this retort was far louder than the laughter about the "State of Pingree."—Detroit News.

It Has Good Company in Other Big Counties.

LANSING, Mich., June 17.—Auditor-General Dix's quarterly statement, just completed, shows that on the tax business done by his office and the various county treasurers during the past three months, there is due the state from various counties a total of \$820,108, while 17 counties have an aggregate balance of \$12,058 due from the state.

Girls under 18 years of age may compete. The cakes will be placed on exhibition and a committee of judges will inspect and sample the goods. To the baker of the best cake will be given the box of candy.

As Mr. O'Hara leaves for Nicaragua tonight it is useless to state that the girl does not go with the cake.

THE CIRCUS NEXT WEEK.

The Big Reichhold Shows Will be Here Tuesday.

The Great Big Reichhold Shows will positively appear in this city next Tuesday. For this season the management have carefully selected the greatest of arenic achievements, positive champions, kings in their various accomplishments. All crowning triumphs of a series of triumphs. The equestrian, aerial, ground, stage and hippodrome performances are amongst the best in Europe and America. All of them are of a superior high order and marvelous execution. Only two equestrian rings, placed so that all may see. An immense aerial enclave. A perfect labyrinth of mid-air apparatus are carried by this great big exhibition to insure complete novel and dashing, hair-raising, gracefulness by our experts. Fully a dozen champion male and female riders, equestrians whose appearance twice daily in the ring confirm the statement. Skilled acrobats and athletes, all seen in a cyclonic endless chain of thrilling feats and startling evolutions, remarkable for their daring and fearlessness. Brute experts from our great aggregation of trained animals, intelligently performing feats of the marvelous; emanated and conceived by patient trainers. In fact, exhibits follow one after the other in such rapid and bewildered succession that the amazed spectator can only marvel at the excruciating display of carefully selected acts and celebrities. Such is the Great Reichhold Shows.

I cannot say when I shall leave for Turkey. I can say, however, that I shall be here until after commencement and will leave some time between the 1st and 10th of July."

LADIES' AID SOCIETIES.

Every well regulated church has a
 ladies' aid society in connection.
 While the society is a good thing for
 the church it is wrongly named and
 the idea conveyed is not in accord with
 the facts.

The larger portion of the member-
 ship of every church is composed of
 women, so much so that the skeptic
 for argument's sake often declares that
 religion is good only for women and
 children. The larger proportion of
 every congregation is composed of
 women and but for the women the
 churches would be compelled to close
 up business.

In spite of the fact that the women
 are the mainstay of the church every
 society organized by them is dubbed
 the "ladies' aid society." The men
 are in reality the "aid" society while
 the women by a wicked custom are in
 name what they are not in practice.

In the last political campaign the
 gold democrats were called the "Mc-
 Kinley aid society." Had the univer-
 sal church rule been adapted to politics
 the gold democrats would have been
 called the "McKinley society" and the
 republicans the "McKinley aid so-
 ciety."

Let the churches show a stronger
 spirit of justice. Let the name of the
 society be changed to the "ladies'
 society," or the "church society."

PRINCETON college has made Grover
 Cleveland an LL. D., doctor of laws.
 Mr. Cleveland spent several years doc-
 toring laws to the detriment of the peo-
 ple, and it is a happy thought that he
 is now a doctor of laws where he can
 do no more harm.

If American young ladies would ap-
 preciate the fact that "helpless" is a
 richer title than "duchess" there
 would be fewer titled paupers to visit
 this country.

MICHIGAN BANKS.

They Have Enjoyed Prosperity of
 Late.

Lansing, June 17.—Between Dec. 17,
 1896, and May 14, the state banks of
 Michigan had a most prosperous season;
 in fact, the most prosperous in at least
 four years.

This fact is deduced from the official
 statement issued by Banking Com-
 missioner Just today, and as the state-
 ment shows marked increases in both
 commercial and savings deposits and in
 loans it demonstrates to a certainty that
 prosperity and confidence are return-
 ing.

The increases shown by the state-
 ment are as follows: Aggregate deposits,
 \$2,000,824.64; savings deposits, \$2,385,-
 871.68; commercial deposits, \$220,452.-
 98; loans, \$895,121.63.

Where Brides Are Hungry.

How would an English bride care to fast on her wedding day until after the sacred ceremony, and this after enduring the hardships of a farewell party given the day before? Yet this is what a Russian girl is supposed to do. As the marriage, to be fashionable, should not occur until evening, it may easily be imagined in what an exhausted state she is to commence her new period of life.

Besides bridesmaids there are bridesmen, these latter being obliged to present the bridesmaids with sweetmeats. A personage follows the procession bearing an elegantly mounted picture of Christ in gold and silver, which is stationed against the altar. The bridesmaids do not all dress alike, and their number is unlimited.—London Answers.

Look Before You Leap...

Is an old maxim and a good one. It will also hold good in buying Dry Goods. Look before you buy. Do not believe all you see in the papers about prices, clearing out sales, etc. We are all here to make money, at least a living, and a merchant is not going to sell you good, staple goods for less than first cost without getting a double profit on something else. Often we all have goods in our stores which we don't want and these goods we are willing to sell for less than first cost. This is the case with the clothing I have left. I will sell anything I have at 65 to 75 per cent on the dollar from first cost. I want the money and do not want the clothing. I can buy dry goods with money and sell them at a profit. If in need of clothing come and see me. I can please you.
